Our careers programme	5
Monitoring and review.....	6

Aims

This policy aims to set out our school's provision of impartial and informed careers guidance for our pupils. This includes the ways in which pupils, parents, teachers and employers can access information about our careers programme.

High-quality careers guidance is important for our pupils' futures, and our provision aims to:

- Help pupils prepare for the workplace, by building self-development and career management skills
- Provide experience and a clear understanding of the working world
- Develop pupils' awareness of the variety of education, training and careers opportunities available to them
- Help pupils to understand routes to careers that they're interested in, and to make informed choices about their next step in education or training
- Promote a culture of high aspirations and equality of opportunity

Statutory requirements

This policy is based on the Department for Education's (DfE's) statutory [Careers guidance and access for education and training providers](#).

This guidance refers to:

- The Education Act 1997
- The Education and Skills Act 2008
- The School Information (*England) Regulations 2008

This policy is also in line with the more recent [Skills and Post-16 Act 2022](#), which came into force on 1 January 2023. It explains that our school must provide a minimum of 6 encounters with technical education or training providers to all pupils in years 8 to 13. For more detail on these encounters, see our provider access policy statement, which you can find www.epcollege.org/policies-procedures

This policy is also in line with the Education (Careers Guidance in Schools) Act 2022. This came into force on 1 September 2023, and amended the existing duty in The Education Act 1997, so that:

- Our school must now secure independent careers guidance from Year 7
- As an academy in England, we're now required to provide and publish careers guidance

The above guidance requires that schools publish information about their careers programme on their website. This policy includes this information and shows how our school complies with this requirement.

This policy complies with our funding agreement and articles of association.

We also act in line with our statutory duty under the Provider Access Legislation, 'Baker Clause', to be impartial and not show bias towards any route, be that academic or technical. This policy should be read in conjunction with our provider access policy statement, which sets out how our school meets this duty, and can be found www.epcollege.org/policies-procedures

These encounters are mandatory and there will be a minimum of two encounters for pupils during the 'first key phase' (year 8 to 9) and two encounters for pupils during the 'second key phase' (year 10 to 11). For pupils in the 'third key phase' (year 12 to 13), particularly those that have not yet decided on their next steps, there are two more provider encounters available during this period, which are optional for pupils to attend.

Roles and responsibilities

Careers leader

Our careers leader is Liz Connolly (Director of Standards) who is a member of the senior leadership team, and they can be contacted by phoning 0151 350 6000 or emailing LConnolly@epcollege.org. Our [KS5 Careers and Progression Manager](#) is Katriona Whittingham kwhittingham@epcollege.org and they will:

- Take responsibility for developing, running and reporting on the school's career programme
- Plan and manage careers activities
- Manage the budget for the careers programme
- Support teachers to build careers education and guidance into subjects across the curriculum
- Establish and develop links with employers, education and training providers, and careers organisations
- Work closely with relevant staff, including our special educational needs co-ordinator (SENCO) and careers adviser, to identify the guidance needs of all of our pupils with special educational needs and/or disabilities (SEND) and put in place personalised support and transition plans
- Work with our school's designated teacher for looked-after children (LAC) and previously LAC to:
 - Make sure they know which pupils are in care or are care leavers
 - Understand their additional support needs
 - Make sure that, for LAC, their personal education plan can help inform careers advice
- Review our school's provider access policy statement at least annually, in agreement with our governing board

Senior leadership team (SLT)

Our SLT will:

- Support the careers programme
- Support the careers leader in developing their strategic careers plan
- Make sure our school's careers leader is allocated sufficient time, and has the appropriate training, to perform their duties to a high standard
- Allow training providers access to talk to pupils in years 7 to 13 about technical education qualifications and apprenticeships, and set out arrangements for this in our school's provider access policy statement
- Network with employers, education and training providers, and other careers organisations

The governing body

The governing board will:

- Provide clear advice and guidance on which the school can base a strategic careers plan which meets legal and contractual requirements
- Appoint a member of the governing board who will take a strategic interest in careers education and encourage employer engagement

- Make sure independent careers guidance is provided to all pupils throughout their secondary education (11 to 18 year-olds) and that the information is presented impartially, includes a range of educational or training options and promotes the best interests of pupils
- Make sure that a range of education and training providers can access pupils in years 7 to 13 to inform them of approved technical education qualifications and apprenticeships
- Make sure that details of our school's careers programme and the name of the careers leader are published on the school's website
- Make sure that arrangements are in place for the school to meet the legal requirements of the Provider Access Legislation, 'Baker Clause', including that the school has published a provider access policy statement

Our careers programme

Our school has an embedded careers programme that aims to inform and encourage pupils to consider their career options, and take steps to understand their choices and pathways. We provide statutory independent careers guidance to pupils from year 7 onwards.

Our programme has been developed to meet the expectations outlined in the **Gatsby Benchmarks**:

1. A stable careers programme with a careers leader
2. Learning from career and labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experience of workplaces
7. Encounters with further and higher education
8. Personal guidance

Our programme doesn't show bias towards any particular career path, and promotes a full range of technical and academic options for pupils.

It is structured in a way that builds upon previous years, and the overarching aim is divided between the Stages within the BE MORE curriculum so that pupils are encouraged to think appropriately about their future. We provide aims, objectives and activities for each year group.

Our careers programme is delivered through a number of methods, including:

- A sequenced, age-appropriate curriculum from Year 7 to 13. (See Appendix 1)
- One hour timetabled lesson Year 7 to 13 each LP within PSHE, tutor-led discussion, displays, events, guest speakers, visits, experience of the world of work (Year 10), work experience Year 12, 1 to 1 interviews Year 9 to 13.

Raising aspirations is extremely important to us and we aim to develop the understanding that learning (and the experiences that take place within and around this learning) are the route to enhanced opportunities. The mission of our College is such that all are encouraged to develop the virtues and skills which will lead to choice filled lives.

We aim to deliver a high-quality education that will ensure that all children gain the social capital that enables them to have:

- unlimited ideas and dreams
- a vision of what they want to achieve in life and how to achieve it
- a strong sense of duty, responsibility and service
- care and compassion towards each other and an understanding of themselves
- choice filled lives and a zest for life

Pupils with special educational needs or disabilities (SEND)

We expect that the majority of pupils with SEND will follow the same careers programme that meets the Gatsby Benchmarks as their classmates, with adjustments and additional support as needed.

Our careers leader will work with teachers and, where appropriate, professionals from relevant organisations, to identify the needs of our pupils with SEND and put in place personalised support and transition plans. This may include meetings with pupils and their families to discuss education, training and employment opportunities, supported internships and transition plans into higher education.

Our careers leader may, as appropriate, invite adults with disabilities to visit and share their experience and advice.

No information will be given to pupils without SEND that is not also offered to our pupils with SEND.

Access to our careers programme information

A summary of our school's careers programme is published on our school website <https://epcollege.org/epc-careers/> including details of how pupils, parents, teachers and employers can access information about the careers programme.

Pupils, parents, teachers and employers can request any additional information about the careers programme by contacting Liz Connolly lconnolly@epcollege.org or Katriona Whittingham kwhittingham@epcollege.org

Assessing the impact on pupils

Our career programme is designed so pupils can give feedback, and their progress measured as they move through the Key Stages. We measure and assess the impact of the programme's initiatives by:

- surveys; leavers' information; feedback from pupils, parents, teachers and employers; evaluations, student council

Monitoring and review

This policy, the information included, and its implementation will be monitored by the governing body and reviewed annually.

Appendix 1 - The Ellesmere Port CofE College Careers: Providing an exceptional provision securing the Gatsby Benchmarks for all students (2023-2024)

At EPC, we are committed to providing the highest quality information, advice, guidance and inspiring opportunities to all students in order to ensure they are fully supported and empowered to shape their future careers. As part of this, we are proud to be able to meet the national Gatsby careers benchmarks and this document outlines our whole-school provision. Our careers programme sits within our 'Be More Curriculum'.

Gatsby Benchmarks								
1. A stable careers programme	Every school and college should have an embedded programme of career education and guidance that is known and understood by pupils, parents, teachers and employers.	EPC is committed to securing the best possible opportunities for all students to be informed and empowered to shape their own career pathways. This provision is underpinned by a strong careers team including the Senior leader responsible for careers, Liz Connolly and the Careers manager, Katriona Whittingham. The work of the team is supported by the Heads of Learning and the schools dedicated Careers Governor, Mike Maynell. The programme is evaluated through feedback from students, families, teachers and employers.						
2. Learning from careers and labour market information	Every pupil, and their parents, should have access to good-quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make best use of available information.	All students are provided with a dedicated careers opportunity at least once per year. Through meeting representatives from colleges, universities, apprenticeship providers and employers, students build their knowledge of the careers and labour market. Students are encouraged to carry out their own research on career pathways and this is recorded through Unifrog, the school's careers platform. Sessions in PSHE are designed to support students to learn about careers and labour market information. In Sixth form, students are provided with up to date opportunities in the local area and virtual opportunities.						
		Year 7	Year 8	Year 9	Year 10	Year 11	Year 12	Year 13
		PSHE lessons (see below). Creative Careers Day. Spring term 2024. Careers in Maths. Summer term 2024.	PSHE lessons (see below). Employer encounter: Police. Spring term. Careers in STEM. Autumn Term 2023. 1-2-1 guidance with careers advisor. Ellesmere Port Town Wide Careers Fair. Nov 2023.	PSHE lessons (see below). Employer Readiness Programme. Autumn Term 2023.
3. Addressing the needs of each student	Pupils have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each pupil. A school's careers programme should embed equality and diversity considerations throughout.	Through 1-2-1 guidance interviews with students (once a year in year 10-12) and with the support of outside agencies we ensure that students have access to the independent information, advice and guidance. This is provided through access to the library where there are resources aimed at careers both generally and also more specifically linked to subject areas. In addition to the range of careers events listed for all students, we provide specific support and events for targeted groups. Students with SEND are supported through the SEND department in guidance and support meetings and also further supported through additional personal guidance sessions. Students identified as high ability are provided with opportunities to meet representatives from Oxbridge. All students have access to Unifrog which records their engagement with the school's career programme and all careers research they have undertaken. The UCAS personal statement and subject reference process is also conducted through this platform, leading to clear integration of information sources and personalised planning for future destinations.

				1-2-1 interview with senior member of staff about post-14 options. Making informed decisions. Higher Horizons. Autumn 2023. GCSE Information Evening.		1-2-1 interview with senior member of staff about post-16 options.		
4. Linking careers learning to the wider curriculum	All teachers should link curriculum learning with careers. For example, STEM subject teachers should highlight the relevance of STEM subjects for a wide range of career pathways.	We are committed to providing students with opportunities to develop their knowledge of careers through the school's curriculum. This is embedded within all subjects. In addition, across the school, there are displays in curriculum areas to promote relevant careers.						
		Year 7	Year 8	Year 9	Year 10	Year 11	Year 12	Year 13
		PSHE lessons (see below). Creative Careers Day. Spring term 2024. Careers in Maths. Summer term 2024.	PSHE lessons (see below). Careers in STEM. Summer term 2024.	PSHE lessons (see below). 5. Encounters with employers and employees	Every pupil should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. This can be through a range of enrichment activities including visiting speakers, mentoring and enterprise schemes.	Each year group has high quality opportunities to engage with employers as outlined below:						
		Year 7	Year 8	Year 9	Year 10	Year 11	Year 12	Year 13
		Creative Careers Day. Spring term 2024. Careers in Maths. Summer term 2024.	Employer encounter: Police. Spring term. Careers in STEM. Summer term 2024.	Meet the employer. Spring 2024.	Ellesmere Port Town Wide Careers Fair. Nov 2023. Year 10 WEX.		Ellesmere Port Town Wide Careers Fair. Nov 2023.	
6. Experience of workplaces	Every pupil should have first-hand experiences of the workplace through work visits, work shadowing and/or work experience to help their exploration of career opportunities, and expand their networks.	Direct experience of the workplace is carried out in Year 10 and Year 12.						
		Year 7	Year 8	Year 9	Year 10	Year 11	Year 12	Year 13

Visit to Keele University. UK University and Apprenticeship Search Event Trip. Ellesmere Port Town Wide Careers Fair. Nov 2023.	
8. Personal guidance	Every pupil should have opportunities for guidance interviews with a careers adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level. These should be available whenever significant study or career choices are being made. They should be expected for all pupils but should be timed to meet their individual needs.	All students from Year 10 onwards, have the opportunity to receive 1-2-1 guidance from an independent career advisor. Students at risk of becoming NEET in the future meet 1-2-1 with a mentor from Cheshire West County Council. The Unifrog platform support students to independently research their own career pathway and to stay informed of current developments and opportunities. Students also are able to attend live webinars through Unifrog on a variety of career topics.
