

## Year 12 Health and Social Care Learning Programme 5

Learning Frogramme 3		
The LORIC skill focus for his LP is: COMMUNICATION.		Literacy:
The Moral Virtues focus for this LP are: COURAGE and HUMILITY.		<ul> <li>Capital letters must be used at the star</li> </ul>
Courage - Acting with bravery and overcoming fears.		of sentences and for the first letter of
Humility - Having a modest view of oneself.		proper nouns
What will I be learning about in this Learning Programme?		Full stops must be used at the end of a
Unit 1 - Human Lifespan Development		sentence  • Question marks must be used at the
Unit 2 - Working in Health and Social Care		end of a question
Unit 14 - LAC: Examine treatment and support for service users with physiological disorders		Apostrophes should only be used for
		possession or omission
Where have I seen this learning before?		Days of the week and months must be
Prior learning may have been seen before during Level 2 studies, PSHE or on the news.		spelled correctly
		Key words must be spelled correctly
What could I use it for?		
My unit 14 coursework assignments		
My unit 1 and unit 2 examination		
In LP5.1, I will know: 13/05/24 - (WK 1)	Vou Voerhulem	Hamawark
	Key Vocabulary	Homework
and revise content for my unit 1 and unit 2 exam to include: all content covered in topics A, B and C.		Complete exam style questions on topic A,B and C
all content covered in topics A, B and C.	Development	A,B and C
	Development	
In LP5.2, I will know: 20/05/24 - (WK 2)	Key Vocabulary	Homework
and understand the provision of treatment and support.	ney rocavaiary	Research provision of treatment and
		support for your chosen physiological
	Provision	disorders
In LP5.3, I will know: 03/06/24 - (WK 1)	Key Vocabulary	Homework
and understand types of carers and care settings.		Research the types of carers and care
		settings for your chosen physiological
	Medication	disorders.
Extended Task.		
Extended Task.  In LP5.4, I will know: 10/06/24 - (WK 2)	Key Vocabulary	Homework
In LP5.4, I will know: 10/06/24 - (WK 2)	Key Vocabulary	
	Key Vocabulary	Homework Complete coursework tasks
In LP5.4, I will know: and complete the following coursework tasks:	Key Vocabulary  Clinical Specialists	
In LP5.4, I will know: and complete the following coursework tasks: C.P3 Explain the treatment and support available for service users with different physiological disorders		
In LPS.4, I will know: and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders		
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders		
in LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders	Clinical Specialists	Complete coursework tasks
In LP5.4, I will know:  10/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)	Clinical Specialists	Complete coursework tasks  Homework
in LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:	Clinical Specialists	Complete coursework tasks  Homework
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders	Clinical Specialists  Key Vocabulary	Complete coursework tasks  Homework
in LP5.4, I will know: and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know: and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders	Clinical Specialists  Key Vocabulary	Complete coursework tasks  Homework
in LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)	Clinical Specialists  Key Vocabulary	Complete coursework tasks  Homework  Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:	Clinical Specialists  Key Vocabulary  Informal Care	Complete coursework tasks  Homework  Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary	Complete coursework tasks  Homework  Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  LN LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care	Complete coursework tasks  Homework  Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary	Complete coursework tasks  Homework  Complete coursework tasks
in LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary	Complete coursework tasks  Homework  Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary	Complete coursework tasks  Homework Complete coursework tasks  Homework Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  Extended Task.  In LP5.7, I will know:  01/07/24 - (WK 1)  and complete the following coursework tasks:	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary  Physiotherapist	Homework Complete coursework tasks  Homework Complete coursework tasks  Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P3 Explain the provision of treatment, support and types of care for service users with different physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  Extended Task.  In LP5.7, I will know:  01/07/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary  Physiotherapist	Complete coursework tasks  Homework Complete coursework tasks  Homework Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  Extended Task.  In LP5.7, I will know:  01/07/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  Extended Task.  In LP5.7, I will know:  01/07/24 - (WK 1)	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary  Physiotherapist	Complete coursework tasks  Homework Complete coursework tasks  Homework Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  17/06/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P3 Explain the provision of treatment, support and types of care for service users with different physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  Extended Task.  In LP5.7, I will know:  01/07/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary  Physiotherapist  Key Vocabulary	Complete coursework tasks  Homework Complete coursework tasks  Homework Complete coursework tasks
In LP5.4, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.5, I will know:  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.M3 Assess the provision of treatment, support and types of care for service users with different physiological disorders  In LP5.6, I will know:  24/06/24 - (WK 2)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different types of physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P3 Explain the treatment, support and types of care for service users with different physiological disorders  Extended Task.  In LP5.7, I will know:  01/07/24 - (WK 1)  and complete the following coursework tasks:  C.P3 Explain the treatment and support available for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders  C.P4 Compare the types of carers and care settings for service users with different physiological disorders	Clinical Specialists  Key Vocabulary  Informal Care  Key Vocabulary  Physiotherapist  Key Vocabulary  Value-Based System	Homework Complete coursework tasks  Homework Complete coursework tasks  Homework Complete coursework tasks
